A Word From the Sale Manager

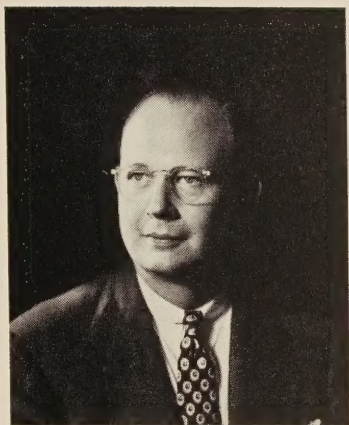

What could be of greater benefit to the Shorthorn breed in North America than a combination of the blood that has proved most beneficial on two sides of the Atlantic? It is a recognized fact that the blood of Calrossie Mercury has done more for Shorthorns in America in the past quarter century than that of any other sire. It is also a recognized fact that the blood of Kirkton Baronet has done more for Shorthorns in Scotland than that of any other sire. It is such a blood blend that is featured by The Browns of Kentucky in this sale . . . Mercurys through the twice International reserve champion Sni-A-Bar Randolph and Kirkton Baronets through the 1953 Perth Supreme Champion, Drummondreach Advocate.

There is no stiffer test than the showing. Few breeders ever achieve the distinction of breeding an International first prize winner. During the past four years The Browns of Kentucky have exhibited numerous first prize winners and have twice won first prize in the coveted "get-of-sire" class at the great International Show.

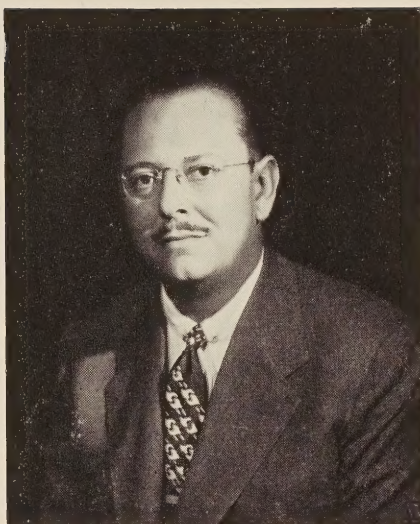

The rise of The Browns of Kentucky to leadership in the Shorthorn industry is no surprise to those who know the owners and managers of these establishments. This is not an organization to stand still and rest on its laurels. All are expert cattlemen. All are boosters in every branch of the industry, purebred, commercial and junior activities . . . and the senior member of the firm, Mr. W. L. Lyons Brown, is at present doing a wonderful job as President of the American Shorthorn Breeders' Association.

Joining The Browns of Kentucky in this sale is Mr. Luther K. Rice, Paris, Kentucky, one of the best cattlemen and finest gentlemen this writer has ever known. This is a great sale offering . . . filled with grand individuals, rich bloodlines . . . and backed by men who command the respect of the entire Shorthorn industry.

We Invite You . . .

Greetings and best wishes to all lovers of good Shorthorn cattle. We hope you will pay us the honor of attending our Third Annual Sale. This year we are proud to be associated with Luther K. Rice, one of the most highly respected breeders in America. Although we are perfectly willing to let the cattle speak for themselves on sale day, we do not hesitate to assure prospective buyers that the offering is one of the strongest in Blue Grass Shorthorn history.

To further improve the three Browns of Kentucky herds, we commissioned Clint Tomson to buy the best bull at the 1953 Perth Show and Sale in Scotland. He responded by acquiring the Supreme Champion Drummondreach Advocate. Through the use of this internationally known bull we are able to offer our customers a blend of the best blood of two continents. Since the two principal sires in the Luther Rice herd provide a similar blend, this consignment fits perfectly to make an offering worthy of your travel and time.

It is our hope that you can arrive on the day prior to the sale for a leisurely inspection of the four herds. We cordially invite all to be our guests at a Shorthorn gathering at Sutherland Farms on the evening of October 8th. We look forward with pleasure to your visit.

DRUMMONDREACH ADVOCATE

At the Perth Scotland Show and Sale in 1953 I was commissioned by the Browns of Kentucky to purchase the bull which in my opinion would best serve their interests. It was essential that a bull be selected which potentially might still further the great breeding record of SNI-A-BAR RANDOLPH. Serving as judge of the Perth Show of that year, I was given a wonderful opportunity to make relative comparisons among the candidates for supreme honors and it should not be surprising to any that DRUMMONDREACH ADVOCATE, the Grand Champion of the Show, was my choice for the Browns of Kentucky. I regarded him as an extremely well-balanced bull with wonderful fleshing and great style and character. Further enhancing my approval of the bull was the fact that his half sister was declared Supreme Champion female under a different judge. It is perhaps too early to determine the relative merit of the calves now being dropped to the service of DRUMMONDREACH ADVOCATE, but various unbiased judges are enthusiastic in their reports. It is my sincere feeling that if they retain a portion of the outstanding characteristics of their sire, they will produce increasing numbers of winners of ribbons and trophies for the Browns of Kentucky.

"Browns of Kentucky" Invitational Club Steer Sale at 10:00 a. m. sale day morning

An important part of the Browns of Kentucky program is to make available to boys and girls the right kind of Shorthorn steers for junior club work. Since the butcher's block is the ultimate test, we feel that this program provides a perfect method to measure the performance of purebred productions. We are pleased that several steers from this project have already attained high honors.

This year we have gone one step further in our junior steer program. Twenty head of very promising club calves have been assembled and will be sold at ten o'clock on the morning

of Saturday, October 9th. The calves have been carefully selected and will come from these strong herds:

Almahurst Farms, Nicholasville,
Kentucky

Phil-Ray Farms, Dover, Kentucky
Brown-Forman Experimental Farms,
Frankfort, Kentucky

Ashbourne Farms, LaGrange, Kentucky
Sutherland Farms, Prospect, Kentucky

We want as many junior club members as possible to attend the **"Browns of Kentucky Invitational Club Steer Sale"** at 10:00 a. m. and to stay over for the sale of registered Shorthorns starting at 1:00 p. m.

DRUMMONDREACH ADVOCATE

Supreme Champion, Perth, Scotland, Show and Sale, 1953

Only five times in history have the supreme champion bulls of the great Perth Show in Scotland come to North America and Drummondreach Advocate is the most recent. He won the Perth Supreme Championship in 1953 under one of the most widely known judges in the world, Mr. Clinton K. Tomson, who purchased him for the Browns of Kentucky.

As an individual, he is one of the breed's finest specimens, combining perfect balance with ample scale, mellow fleshing, style, character and quality. He was used liberally in the herd of his breeder, W. D. MacWilliam, before shipment to Kentucky and three bull calves sired by him were sold in the 1954 Perth Sale at an average of \$1,600, two of them going to Argentine buyers at an average of \$1,905.

Drummondreach Advocate is backed by blood that has proved most prepotent in Scotland. His sire, Calrossie Balmoral, a grandson of the noted Kirkton Baronet, stood second in class at Perth in 1951. Calrossie Balmoral proved himself the supreme sire in the 1953 Perth Show by siring not only the supreme champion bull but the grand champion female. The dam of Drummondreach Advocate is the best female in the MacWilliam herd and is by Magheramorne Commodore, two of whose sons, Garguston Cock Robin and Drynie Roger made conspicuous records in American herds.

The first calf by Drummondreach Advocate to be born in Kentucky arrived on August 9th of this year and this rich red roan is full of quality and perfectly moulded. Others will arrive soon and will be on display on sale day. Be sure to see them and be equally sure to buy those females carrying the service of this famous Perth supreme champion.

Drummondreach Broad Acre and Drummondreach Rolling Stone, sons of the 1953 Perth Supreme Champion that were sold in the 1954 Perth Sale. Both were bought by Argentine breeders at \$1,800 and \$2,010 respectively. Note the depth, ruggedness and grand heads.

SNI-A-BAR RANDOLPH—The most famous sire of the Mercury line. He was twice an International reserve champion and a member of the first prize get-of-sire, first prize pair of yearlings, first prize two-bull and three-bull groups at the International Livestock Show. Although a great show bull in his own name, his real recognition in Shorthorn history will always be as a sire. In 1950 we exhibited his first calves. They won the get-of-sire class at the 1950 Eastern National. At the 1951 International we exhibited six Randolph calves, winning first prize senior yearling, first prize junior bull calf, second prize two-bull group, second prize senior heifer calf, fourth prize junior heifer calf, fourth prize senior get-of-sire, first prize pair of calves and first prize junior get-of-sire. On the 1952 show circuit, his calves won first prizes at many state fairs and ended the season by winning first prize in the senior get-of-sire class at the International Livestock Show. Again in 1953 and 1954 we have exhibited his sons and daughters with wonderful success.

BROWN-FORMAN COMMAND—The senior yearling bull from our 1954 show herd. When exhibited as a junior calf in 1953 he won second at the Eastern National and the Ohio and Tennessee State Fairs. He has matured wonderfully and his first show this year was at the Oldham County Fair where he won the grand championship. He is very short-legged, perfectly-balanced, evenly-fleshed and has the head of a truly great sire. We recommend his ancestry and ask that you watch the record of this great bull through the balance of the show season.

BROWN-FORMAN ENDEAVOR—This bull was entered late and at the request of Sale Manager Hal Longley. He is the youngest bull in the sale but should not be discounted because of age. He is a son of Luther Rice's great imported bull Kirkforther Endeavor and is out of a wonderfully thick, short-legged, grand headed cow of OAC Ransom breeding. We are unable to show a picture of this calf, but you have our assurance that he is a wonderful prospect for a future great herd sire.

WHICH IS THE GREATER ACHIEVEMENT?

THE PERTH SUPREME CHAMPIONSHIP?

OR, THE FIRST PRIZE GET-OF-SIRE AT THE INTERNATIONAL?

We won't attempt to settle the age old argument of which is the strongest show . . . the International or Perth. We simply offer a combination of the best from each. We will sell daughters of Sni-A-Bar Randolph, twice an International reserve grand champion and sire of the 1951 and 1952 International first prize gets. We will also sell heifers bred to the 1953 Perth supreme champion Drummondreach Advocate. Any way you look at it, this is the sale where you can invest in your Shorthorn future.

Kentucky Is Proud of the Luther Rice Shorthorns

Above, a typical cow and calf scene at Luther Rice Farms. Right, Resolution Verbena, pictured at 12 years of age with her calf by Klaymor Jobber. She is typical of the great females in the Rice herd. Every cow there must raise a good calf every year and take care of it by herself, or she does not stay in the herd.

Left, a Luther Rice cow pictured with a pair of the first calves by Kirkforther Endeavour.

Right, calves by Klaymor Key-note, sire of many champions and top-sellers at the Kentucky State Sale and the Kentucky National Shorthorn Futurity.

The Luther K. Rice consignment to this sale contains two bulls and nine females and features the get and service of **Curtiss Candy M Senator** and **Kirkforthar Endeavour**. The first son of Curtiss Candy M Senator won reserve championship at the 1954 Kentucky National Futurity and sold for \$1850 to Thos. Piatt, Lexington, Kentucky. The first daughter of Imp. Kirkforthar Endeavour won the reserve grand championship at the same show and sold at \$1125 to John Anderson, Erwin, Tennessee. Guarantee

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
